MEMORANDUM

TO: All Baker & Hostetler Broadcast Clients

FROM: Jack W. Whitley

RE: Annual Ownership Reports Due by August 3, 1987

DATE: March 13, 1987

In 1984, the Commission amended Section 73.3615 of its Rules to require licensees of commercial broadcast stations to file annual ownership reports. Almost immediately, however, the Commission suspended the requirement until the form on which the report was to be made, FCC Form 323, could be redesigned. On March 11, 1987, the Commission announced that the new form was available. It also indicated that all commercial stations are required to file a new ownership report on the revised form by August 3, 1987.

From then on, except for companies that are sole proprietorships or partnerships composed entirely of natural persons, which are exempt from the requirement, the reports will be due annually on the anniversary of the filing date of a station's renewal application. Those stations which were required to file their renewal applications on February 1, will be the first required to make the annual filing, i.e., on February 1, 1988. All other stations will then subsequently file, depending on the month their renewal application was due. Group owners may select a single date on which they can submit a report for all their stations.

Attached is a copy of the Public Notice announcing the new forms and procedures. Also attached is a copy of the new form itself. Finally, included is a state-by-state list of when annual reports will be due for individual stations after the initial August 3, 1987 filing.

## FILING OF REVISED BROADCAST OWNERSHIP REPORT: FCC FORM 323

FCC Form 323, which is used to collect information about the ownership of commercial broadcast station licensees and permittees, was revised as a result of the changes in the ownership or other interests that are considered attributable or cognizable under the Commission's multiple ownership rules. See Attribution of Ownership Interests, 9 FCC 2d 997 (1984), reconsideration granted in part, 58 RR 2d 604 (1985), further modified on reconsideration, 61 RR 2d 739 (1986). The revised ownership report, which has been approved by the Office of Management and Budget (OMB), is now effective and available for use.

In accord with the policies and requirements adopted in Attribution of Ownership Interests, a commercial broadcast station licensee is required to submit an ownership report once each year. As set forth in Section 73.3615 of the Commission's rules, the date of submission is the anniversary of the filing of the station's license renewal application. Licensees of multiple broadcast stations with different renewal anniversary filing dates may elect a single date to submit information, but the reports may not be submitted more than one year apart. If no changes have occurred, the licensee may certify to that fact, instead of submitting a new report each year. In addition, where the licensee is a partnership composed entirely of natural persons the annual reporting requirement does not apply. Similarly, sole proprietorships are exempt from the requirement to file annually.

The annual ownership reporting program was suspended during OMB's forms clearance review. In view of the appreciable length of time that has passed since commercial broadcast station licensees last filed a complete ownership report and in order to obtain current, accurate ownership information in the most expeditious manner possible, all licensees that are not exempt from the annual reporting program are directed to file initially a revised FCC Form 323 on or before August 3, 1987. Thereafter, commencing February 1, 1988, non-exempt licensees of commercial broadcast stations will annually update their initial reports in accordance with Section 73.3615(a) of the Commission's rules. The first group of licensees so reporting are those with commercial broadcast stations located in the States of Kansas, Oklahoma, Nebraska, New Jersey, New York, Arkansas, Louisiana and Mississippi.

Copies of the revised FCC Form 323 are being sent, concurrently with the issuance of this Public Notice, to all commercial broadcast station licensees. For subsequent filings, ownership report forms (FCC 323, December 1986 Edition) may be obtained from the Commission's Operations Support Division, Service & Supply Branch, Room B-10, 1919 M Street, N.W., Washington, D. C. 20554, Telephone Number (202) 632-7272.

For further information concerning the annual ownership report filing requirements, contact LeAudrey Alexander, Chief, Ownership Section, Mass Media Bureau at Telephone Number (202) 632-7258.

## INSTRUCTIONS

### Ownership Report, FCC Form 323

1. This report is to be filed by AM, FM, International or Television broadcast stations as indicated below (see §73.3615). If there has been no change since the last filing of this form, a letter may be filed in lieu of a new report, stating that the previously filed report has been examined and is currently accurate.
  - (a) By licensee once a year on the anniversary of the station's renewal application filing date. Where the licensee, however, is a partnership that is composed entirely of natural persons, the annual reporting requirement does not apply. Similarly, sole proprietorships are not required to file annually.
  - (b) By permittee or licensee within 30 days after the grant of an original construction permit or the consummation, pursuant to Commission consent, of a transfer of control or an assignment. A permittee is also required to update its initial report or to certify the continuing accuracy and completeness of that report when the permittee applies for a station license.
  - (c) File one copy with the Federal Communications Commission, Washington, D.C. 20554. If information submitted is equally applicable to each listed station, one annual report may be filed for all such stations; otherwise, a separate report shall be filed for each station on the appropriate filing date.
  - (d) The person certifying the accuracy of the information in this report must be the individual licensee or permittee, a general partner in the licensee or permittee partnership, or an appropriate officer in the licensee or permittee corporation or association. If this report is filed for a respondent and not for a licensee or permittee, the person certifying the accuracy of the information must be a general partner in the respondent partnership or an appropriate officer in the respondent corporation or association.
2. Any contract or modification of contract relating to the ownership, control, or management of the licensee or permittee or to its stock must be filed with the Commission, as required by Section 73.3613 of the Rules. Attention is directed to the fact that Section 73.3613 requires the filing of *all* contracts of the types specified and is not limited to executed contracts but includes options, pledges, and other executory agreements and contracts relating to ownership, control, or management.
3. If the licensee or permittee is directly or indirectly controlled by another entity or if another entity has an attributable interest in such licensee or permittee, a separate Form 323 should be submitted for such entity. For successive entities, interests are multiplied. See Instruction 6.
4. Limited partners in a limited partnership need not be reported **IF** the limited partners are not materially involved, directly or indirectly, in the management or operation of the media-related activities of the partnership **AND** the licensee, permittee or respondent so certifies. A statement assuring this non-involvement must be attached to this report. Sufficient insulation of a limited partner for purposes of this certification would be assured if the limited partnership agreement: (a) specifies that any exempt limited partner (if not a natural person, its directors, officers, partners, etc.) cannot act as an employee of the limited partnership if his or her functions directly or indirectly relate to the media enterprises of the company; (b) bars any exempt limited partner from serving, in any material capacity, as an independent contractor or agent with respect to the partnership's media enterprises; (c) restricts any exempt limited partner from communicating with the licensee or the general partner on matters pertaining to the day-to-day operations of its business; (d) empowers the general partner to veto any admissions of additional general partners admitted by vote of the exempt limited partners; (e) prohibits any exempt limited partner from voting on the removal of a general partner or limits this right to situations where the general partner is subject to bankruptcy proceedings, as described in Sections 402 (4)-(5) of the Revised Uniform Limited Partnership Act, is removed for cause, as determined by an independent party; or is adjudicated incompetent by a court of competent jurisdiction; (f) bars any exempt limited partner from performing any services to the limited partnership materially relating to its media activities, with the exception of making loans to or acting as a surety for the business; and (g) states, in express terms, that any exempt limited partner

is prohibited from becoming actively involved in the management, operation of the media businesses of the partnership. Notwithstanding conformance of the partnership agreement to these criteria, however, the requisite certification cannot be made if the licensee, permittee, or respondent has actual knowledge of a material involvement of the exempt partner in the management or operation of the media-related business of the partnership. In the event that the licensee, permittee or respondent cannot certify as to the noninvolvement of the limited partners, the exempt partners will be considered to be holders of attributable interests regarding whom full information is required.

5. Under "Remarks," Paragraph 7, Page 2, give full information as to a family relationship (parent-child, husband-wife, brothers, sisters), between one or more officers, directors, stockholders, or partners of the licensee or permittee and any other officer, director, stockholder, or partner. Situations in which a marital relationship is involved, the interests held by one spouse are presumptively attributed to the other and both spouses may, unless this presumption is rebutted by an appropriate showing, be considered to be holders of attributable interests regarding whom full information is required. In addition, a permittee or licensee seeking attribution exemption for eligible officers or directors should identify the individual by name and title, fully describe that person's duties and responsibilities, and explain why that individual should not be attributed an interest.
6. The following interests are attributable (and the holder of the interest is cognizable) and should be reported in response to Question 8:
  - If a corporation, all officers and directors and each owner of stock accounting for 5% or more of the outstanding votes in the corporation (investment companies, insurance companies or trust departments or banks need be listed only if the aggregated holding accounts for 10% or more of the outstanding votes, provided the licensee certifies that such entities exercise no influence or control over the corporation, directly or indirectly, and have no representatives among the officers and directors of the corporation).
  - If a single entity holds more than 50% of the voting stock, and a simple majority is all that is required to control corporate affairs, no other stockholder need be reported.
  - If any stockholder agreement exists pertaining to cooperative voting accounting for 5% or more of the votes (listed in response to Question 7), list the block of stock as if held by a single entity, and also list (immediately following) any stockholder holding 5% or more of the stock in that block.
  - If a partnership, list all partners. (If a limited partnership and Question 5 is answered "Yes," list only general partners and only those limited partners that hold interests considered attributable under Instruction 4, explaining that involvement.)

If the entity for which this report is filed is not the subject licensee, but a minority, non-controlling stockholder or a partner in the licensee, list only those stockholders whose interest, when multiplied by the reporting entity's interest, would account for 5% or more of the votes of the subject licensee; list all partners. Any entity holding 50% or more of its subsidiary will be considered as a 100% owner for reporting purposes. E.g., if the report is filed for corporation X which owns stock accounting for 25% of the subject licensee votes, then only those stockholders of X who hold stock accounting for 20% or more need be listed ( $25 \times 20 = 50$ ). Also, such an entity need report the directors, "executive" officers (president, vice-president, secretary, treasurer or their equivalents), and any other officers with a relationship or responsibility to the licensee, including a responsibility in determining how the entity's stock in the licensee is voted. Also, for such an entity, Questions 6 and 7 need not be answered. See Instruction 5 above with respect to the attribution exemption showing necessary for officers and directors with duties unrelated to the licensee.

If stock is held in trust, if the trustee has the sole power to vote the stock and sole or shared power to dispose of the assets of the trust, and if the trustee is an independent person with no familial or business relationship to the licensee, no further reporting is required.

relationship with the beneficiary or grantor, then only the trustee shall be reported as "owner" of the stock. If the grantor or beneficiary shares the power to vote, has the sole power to dispose of the stock, or has the power to replace the trustee at will, that party shall also be listed as an "owner" of the stock.

7. THIS FORM IS NOT TO BE USED TO REPORT OR REQUEST A TRANSFER OF CONTROL OR ASSIGNMENT OF LICENSE OR CONSTRUCTION PERMIT (except to report a transfer of control or assignment of license made pursuant to prior Commission consent). The appropriate forms for use in connection with such transfers or assignments are FCC Forms 314, 315 and 316. It is the responsibility of the licensee or permittee to determine whether a given transaction constitutes a transfer of control or an assignment. However, for purposes of example only, and for the convenience of interested persons, there are listed below some of the more common types of transfers.

A transfer of control takes place when:

- (a) An individual stockholder gains or loses affirmative or negative (50%) control. (Affirmative control consists of control of more than 50% of voting stock; negative control consists of control of exactly 50% of voting stock.)
- (b) Any family group or any individual in a family group gains or loses affirmative or negative (50%) control. (See also Instruction 6.)
- (c) Any group in privity gains or loses affirmative or negative (50%) control.

The following are examples of transfers of control or assignments or licenses requiring prior Commission consent:

- (a) A, who owns 51% of the licensee's or permittee's stock, sells or more thereof. A transfer has been effected.
  - (b) X corporation, wholly owned by Y family, retires outstanding stock which results in family member A's individual holdings being increased to 50% or more. A transfer has been effected.
  - (c) A and B, husband and wife, each owns 50% of the licensee or permittee's stock. A sells any of his stock to B. A transfer has been effected.
  - (d) A is a partner in the licensee. A sells any part of his interest to newcomer B or existing partner C. An assignment has been effected.
  - (e) X partnership incorporates. An assignment has been effected.
  - (f) Minority stockholders form a voting trust to vote their 50% or more combined stockholdings. A transfer has been effected.
  - (g) A, B, C, D and E each own 20% of the stock of X corporation. A, B and C sell their stock to F, G and H at different times. A transfer is effected at such time as 50% or more of the stock passes out of the hands of the stockholders who held stock at the time of the original authorization for the licensee or permittee corporation is issued.
8. For further information regarding the above, see Report and Order in FCC Docket No. 83-46, 49 Fed. Reg. 19482 (May 8, 1984), 97 FCC 2d 98 (1984), reconsideration granted in part, 50 Fed.
